### Resource Cream - Soothing and Restoring

Resource Cream protects sensitive skins from pollutants by creating a special barrier. It is a useful support to sensitive skins that are exposed to extreme temperatures or to stressful conditions due to environmental pollution or pharmacological treatments. Its soothing sensation is due to the presence of flower extracts produced according to Dr. Bach's original method (Cherry Plum, Clematis, Crab Apple, Impatiens, Rock Rose and Star of Bethlehem).

## Guna® Basic

### A Correct Acid-Base Balance is the Key to Health and Wellbeing

One of the most important parameters to control and maintain the body homeostasis is the delicate pH balance which requires constant and careful modulation. Even slight changes to the basic value of pH 7.41 can lead to serious metabolic damage and, if left untreated, even to degenerative diseases.

Chronic tissue acidosis may involve all the body tissues and more generally induces a slow down in cell functions. This results in an early ageing process, decreased physical and mental energy, changing moods, stress, weight gain and a slower response to pharmacological treatments.

### Guna® Basic has the following mechanisms of action:

- Regenerates the buffer systems
- Alkalisises the extracellular matrix
- Optimises the hydrogen ion intra and extracellular concentration gradient
- Improves the cell membrane permeability
- Provides the coenzymatic activity mineral support for correct cell function
- Protects tissue from the degenerative action of acids

### And has the following therapeutic effects:

- Supports cell and body detoxification
- Preserves matrix integrity
- Improves cell metabolic functions
- Hinders chronic inflammatory processes
- Impedes tissue degeneration
- Assists remineralisation
- Aids digestion

### Mineral Ingredients:

<b>Magnesium Citrate</b>	- Alkalisising
<b>Potassium Citrate</b>	- Electrolytic rebalancing
<b>Zinc Citrate</b>	- Alkalisising and stimulates the immune system
<b>Copper Citrate</b>	- Alkalisising, protects the vessel walls
<b>Calcium Carbonate</b>	- Alkalisising and anti-allergenic
<b>Manganese Carbonate</b>	- Alkalisising and a tonic
<b>Selenium Methionine</b>	- Antioxidant and anti-degenerative
<b>Ferrum Phosphate</b>	- Stimulates the mitochondrion function
<b>Magnesium Oxide</b>	- Alkalisising and anti-spasmodic
<b>Molybdenum</b>	- Anti-degenerative

### Herbal Ingredients:

<b>Bamboo Fibre</b>	- Bone mineralisation, stimulates the connective tissue
<b>Nettle</b>	- Anti-inflammatory and anti-allergenic
<b>Carrot</b>	- Vitamin A, protection of the epithelium and mucous membranes
<b>Lemon Balm</b>	- Soothing, calming and a muscle relaxant
<b>Small Leaved Linden</b>	- Soothing and spasmolytic
<b>Bioflavanoids</b>	- Tonic for capillaries
<b>Fennel</b>	- Carminative, antispasmodic and a mild laxative
<b>Dandelion</b>	- Liver and kidney drainage

### Guna® Basic is ideal:

- For the over 50's
- If you have been diagnosed with bone disease, especially osteoporosis
- If you have been diagnosed with a chronic inflammatory disease (rheumatic diseases, gout, arthritis, IBD, candidiasis etc)
- If you ingest a high protein diet
- If you smoke, drink alcohol, have a sedentary lifestyle or are under a lot of stress
- If you are an athlete
- If you ingest a low-calorie diet
- If you drink a lot of soft drinks or other acidic drinks
- In preparation for any pharmacological treatment
