**Winter
2010/11**

Happy New Year!

We would like to take this opportunity to wish you all a very happy new year. It was an exciting conclusion to 2010 at Cyto-Solutions. First there was the simplified homeopathic registration of Guna® Complex n.1, then there was the hugely successful Guna Conference at the end of November with Dr Alessandro Perra. Following this was the introduction of some new products (a few of which are showcased in this newsletter) and also the news that some remedies had been approved for general sale as medical devices (please see www.cyto-solutions.co.uk/OTC.html).

We hope you enjoy this Newsletter and wish you all the best for 2011!

Guna-Mars and Guna-Venus

The low physiological doses of **hormones** and **neuropeptides** contained in Guna-Mars and Guna-Venus restore the physiology of neurohormonal circuits that are altered causing sexual disorders. The synergistic action of plants and mineral substances, glandular extracts, vitamins and trace elements present in Guna-Mars and Guna-Venus along with hormones and neuropeptides, all in homeopathic dilution, both support and enhance sexual function. Their efficacy is proven by clinical studies, there are no known side effects and they are easy to use.

Guna Mars:

- Lack of sexual desire
- Decreased sexual arousal and sexual satisfaction
- Inability to maintain erection

Guna Venus:

- Lack of sexual desire
- Decreased sexual arousal
- Discomfort during sex

New!

Guna Mars and Venus are in stock and available from Cyto-Solutions Ltd.
